The Pastor's Two Bits...

Welcome to Fairfield Glade First Baptist Church! Thank you for choosing to worship with us today! I hope you have a great experience with God as you offer your prayers and praise.

During our vacation to Maine a couple of months ago, Kay Lynn and I toured some beautiful coastal areas. We saw several prominent lighthouses and enjoyed hiking along rocky cliffs above the water. One of the sights was a state park that preserved some old World War II bunkers that were built to protect our northern coast. During their heyday, they were equipped with large guns; but today they lay empty and are nothing more than tourist attractions. I found them interesting. Thick-walled concrete and steel. Most of their structure was underground, grass and trees growing on their 'roofs'. But after more than 80 years, they are still there and likely could be for hundreds more. They are firmly built on rock solid foundations.

Foundations are important. More than just in buildings and building codes. Societies must have foundations - fundamental principles - to govern and guide. Those foundations must have solid footings - be built on values even more solid than itself. Jesus Christ and the Holy Bible are our footing and foundation. They are absolute and rock solid. They will last forever. Jesus compared people who build their houses (their lives) on firm foundations with persons who build on sand. The second group doesn't fare too well...

- Pastor Doug

Missions Moments

Jason & Robin Ebeyer ~ Asian Pacific Rim People

The Ebeyer's have been working with people in Isan, Thailand that had no Christian presence. Pray they would be encouraged by God's work as they reach the lost people of the village.

Sunday, July 28:

- 9:00 am: Sunday School – All Ages
